You can print payment summaries for 2014-15 financial year in either Payroll Premier 2014/15 or Payroll Premier 2016/17.

Before upgrading your data file, you need to open your existing Payroll Premier version and:

- Process all pays where the **Date Paid** falls before 1 July 2016.

If you have used the **Setup Network Data Path** function to move your company file from the default location, you may have memorised reports that you want to keep. Before upgrading, you must move your company file back to the default Data folder.

1. Go to the **File** menu and click **Setup Network Data Path**.
2. Browse to the default Data folder on the local machine (e.g. C:\QPRollv24\Data).
3. Clear **Use Existing Files located At The Server Path** and click **Save**. You can save the company file back to the network data path after upgrading.

Note: *If you have moved your company file to a network location by following Knowledge Browser article 4738, you must read Knowledge Browser article 4757 before upgrading.*

THIS IS AN IMPORTANT DOCUMENT. PLEASE READ IT CAREFULLY.

This is a contract between Reckon Limited (ACN 003 348 730) (Reckon) and you. By using the Software supplied with this document, and the related user guides and materials (together the Software), you agree to be bound by the terms of this Licence and the application of Reckon's Privacy Policy to information collected from you. The Privacy Policy can also be viewed on the website. This Licence covers copies of the Software provided for evaluation or trial purposes, subscription versions and non-subscription or full versions of the Software. Some Licence provisions may not be applicable to you, depending on the particular version of the Software you have purchased or if you are using the Software for evaluation purposes. The defined terms and the rules of interpretation in this Licence are set out in clause 13.

Important: Please refer to the website for details of the Software, minimum requirements and functionality. There are a number of technical features within the Software that may affect your ability to continue to use the Software. These are outlined in more detail in the terms of the Licence, but in summary:

- You are purchasing the right to use the Software, not to own it;
- If you have been provided with a Trial Version, you may only use the Software on a temporary basis to evaluate the Software's functionality and suitability for your requirements;
- The Software contains registration and activation processes to guard against illegal copying;
- To continue using the Software, those processes require you to verify your compliance with the terms under which you are licensed to use the software (for example: the number of computers on which the software is installed) and to permit continued reactivation of the Software from time to time. This involves, in all versions, periodically verifying your licence details, and in the subscription version, renewing your subscription when it falls due. Reckon may also verify subscription customers during a subscription period and not only at renewal. You will also need to reactivate your Software if you want to reinstall it (for example, if you upgrade your computer or if you have a hard drive failure, and you may incur a technical support cost for this);
- When you purchase the Software or during the course of your subscription you will be provided with an installation key code ("IKC") for your exclusive use in accordance with the terms of this licence. Please keep the installation key code in a

safe place. You may need it when you first install or re-install (if permitted) the Software and to reactivate the Software. Please note if you lose your installation key code that it will not be replaced by Reckon and you will not be able to install or reactivate the Software;

- You also need a licence key to reactivate your Software. In addition, with some older versions of the Software, you will not be able to re-install or reactivate the Software if you do not have your installation key code - see details below on Reckon's sunset policy;
- There will be no charge to activate the Software initially or to reactivate your Software when you verify your licence details or renew a subscription, Reckon may charge you a fee for technical support if it needs to reissue a licence key provided also that the version of the Software you are using has not been 'sunsetted' as explained below. Reckon may also charge a fee if you need to reactivate the Software in other circumstances (for example, if you need to reinstall the Software if you upgrade your computer or due to a hard drive failure);
- If you do not renew your subscription, which also requires you to install and use the updated Software or if you do not verify your licence details (as applicable) within the required period, the Software may continue to operate but with impaired functionality or you may not be able to access the Software at all (including printing out or viewing any of your data or records); and
- Reckon has a 'sunset policy' which means that technical support is not available for some older versions of the Software. This includes the ability to install or re-install that Software for any reason if you have lost your installation key code for those old versions. If you wish to continue using the Software in those circumstances, you will need to purchase a new copy of the current version of that Software.

- **Data Collection & Privacy**

underpaid or unpaid fees due to Reckon, you will be invoiced for them based on Reckon's then current price list, and if these exceed 5% of the licence fees you have already paid, you will also be invoiced for the cost of the audit.

4. PRODUCT ACTIVATION AND VERIFICATION

- (a) Initial registration and verifying licence details: This Software may contain technology that protects Reckon against illegal copying. As a consequence, you may be required to:
 - (i) register your details during the initial installation (including your name, contact details and details of the hardware on which the Software will be installed (if this is not done automatically by the Software));
 - (ii) if you have a full version, have the Software reactivated periodically thereafter by verifying your licence details to confirm you are using the Software in accordance with these Licence terms;
 - (iii) if you have a subscription version, have the Software reactivated (on payment of Reckon's renewal fee and verification of your licence details) if you wish to renew the subscription;

You agree to activate or reactivate the Software within a reasonable time or within such time as the Software prompts you to do so.

- (d) Charges for reactivation: Reckon will not charge you to activate the Software initially or to reactivate your Software when you verify your licence details or renew a subscription, unless you have lost your installation or licence key code. You need both your installation code and your licence key to be able to reactivate the Software. Reckon may charge you a fee for technical support to reissue a licence key code. Reckon may also charge a fee for technical support if you need to reactivate the Software in other circumstances (for example, if you need to reinstall the Software because you have a new computer or need to reload the Software due to a hard drive failure). For the current fees go to <http://www.reckon.com> If you have lost your installation key code, Reckon will not replace that code, and you may be required to purchase new software.
- (e) Consequences of non-renewal and failure to verify details: This Software is provided to you on the understanding and acknowledgment that it may contain technology which deactivates and disables the Software if a subscription is not renewed or in the case of a full licence version, you have not verified your licence details when periodically prompted to do so by Reckon or by the Software. If the Software is not reactivated within the required period, the Software may continue to operate but with impaired functionality or you may not be able to access the Software at all (including printing out or viewing any of your data or records).
- (f) Statutory declaration: In certain circumstances, before permitting a re-activation, Reckon may require you to provide it with a Statutory Declaration stating the reasons for re-activation in a form required by Reckon.
- (g) Older versions: Reckon has a sunset policy (covered in more detail in clause 6(a)) which means that technical support is not available for certain older versions of the Software. If technical support is not available for your version, you will not be able to reactivate or reinstall

your Software if you do not have your registration key code. Reckon will not be obliged to provide you with a replacement key code and in those circumstances you will need to purchase a new version or Upgrade in order to continue using the Software. Please go to <http://www.reckon.com> to see the sunset policy.

6. TECHNICAL SUPPORT

- (a) *Period when technical support is available:* Reckon will provide technical support for the Software only (and for the avoidance of doubt this does not include support for third party hardware or software, which remains the responsibility of the relevant third party), during the following periods:
 - (i) in the case of a subscription version of the Software, during the period for which you have paid the relevant subscription fees (unless further releases of the Software in question are discontinued); and
 - (ii) in the case of a full version of the Software, there is a 'sunset period' during which technical support may not be available for that version. The sunset period for a version will commence on the earlier of:
 - (A) 2 years after the date on which you first installed the version on your computer; or

For further explanation of Reckon's sunset policy please go to <http://www.reckon.com>

- (b) *What is included as part of technical support:* Reckon will provide technical support in accordance with its then current technical support policy, which may include:
- (i) as contemplated by clause 4, the technical support required to reactivate the Software or to issue a replacement registration key code (for example, when you verify your licence details, renew a subscription or if you need to reinstall the Software);
 - (ii) provision of telephone help desk support services;

7. ONLINE SERVICES

- (a) *Interaction with Online Services:* The Software may contain access to, or features that interface with, third party online services ("Third Party Online Services"). Examples of Third Party Online Services that may be applicable to the Software are ASIC, EFTPOS, SBR-enabled services, an online share price download facility, and a statement download facility, bill and other payment services, a superannuation choice facility, online backup facility, payroll services and a debt recovery facility, technology, hardware or application, which may or may not be provided at an additional charge on a subscription basis measured for one year from the date of registration.
- (b) *Terms for Third Party Online Services:* Certain Third Party Online Services are not available for all versions of the Software. For example, in the case of bank statement download services, not all banks provide services that connect to the Software. Third Party Online Services are only available for 12-month periods for subscription versions and 24-month periods for full versions. In

the case of a full version, access to Third Party Online Services in the second 12-month period may be subject to payment of the applicable charges. In order to renew access to Third Party Online Services at the end of the 24-month period in the case of a full version, you will be required to have purchased or upgraded to the latest version of the Software. In the case of a subscription version, you must have renewed your subscription. Internet access is required for all Third Party Online Services. Charges may apply for the use of Third Party Online Services (in addition to the cost of Internet access levied by your ISP). Where Third Party Online Services are available, separate terms and conditions with the provider of the Third Party Online Services may apply. In some cases Reckon may be the provider. You should check with the relevant third party provider as to the terms and conditions of use. Access to Third Party Online Services may be withdrawn by Reckon at any time. Reckon will not be liable for the withdrawal of access to any Third Party Online Services. Where access is to be withdrawn, Reckon may choose to notify you in advance provided that you have supplied Reckon with a valid and up to date email address.

- (c) (c) In some cases you may download other third party applications, for example Google Desktop supplied by Google Inc. In such cases your agreement to be bound by the terms of this Licence will also bind you to the terms of use or other similar agreements required by such third parties for use of their products.

8. LIMITED WARRANTY

This clause 8 is subject to the consumer guarantees regime as set out in Schedule 2 to the Competition and Consumer Act 2010 (Cth) (also referred to as the Australian Consumer Law), and the Consumer Guarantees Act 1993 (NZ), as amended from time to time, or other similar legislation of a state or territory of Australia or NZ respectively (“Consumer Guarantees”).

In Australia, our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. In New Zealand, these guarantees cannot be modified nor excluded by any contract, except in those circumstances contemplated by section 43(2) of the New Zealand Consumer Guarantees Act.

- (a) *Software provided on an ‘as is’ basis:* Except as required by the Consumer Guarantees, Reckon provides the

Software to you on an “as is” basis and without any representations by Reckon or any of its authorised distributors regarding the use, performance or results of the use, of the Software.

- (b) *Defects in media*: In addition to any rights and remedies you have under the Consumer Guarantees, Reckon warrants that the media on which the Software is recorded is free from defects in manufacture for a period of 90 days from the date of delivery (for on-line purchases) or 90 days from the date of purchase (for in-store purchases). During this period, subject to clause 8(c), Reckon will replace any defective media on which the Software was supplied and any Software on that media, free of charge, unless you caused damage to the media due to poor handling.
- (c) To make a claim under clause 8(b), you must:
 - (i) email customerservice@reckon.com with the subject line ‘warranty claim’, and include the following:
 - (A) in the body of the email, provide the IKC, detail the fault and whether a workaround has been provided by a member of Reckon’s support team; and
 - (B) provide a copy of the receipt or proof of purchase and payment.

Once Reckon receives the information, Reckon will provide a preliminary assessment of the claim and contact you to advise. Software assessed on a preliminary basis to be defective by Reckon will be replaced by Reckon and sent to you at Reckon’s cost.

- (d) *No guarantee that Software will be error free or that its use will be uninterrupted*: While Reckon has endeavoured to make sure that the Software works substantially as per the specifications published by Reckon from time to time, except as required by the Consumer Guarantees, Reckon does not guarantee that the Software will work on all computer hardware platforms or configurations and makes no warranty that the Software will be error free or that its use will be uninterrupted.
- (e) *Internet access, telecommunications networks, firewalls and security*: Except as required by the Consumer Guarantees, Reckon does not guarantee connections to its online activation server as these may be dependent upon third party networks and security measures over which Reckon has no control.

9. LIABILITY

- (a) *Certain rights cannot be excluded*: Certain laws, including the Consumer Guarantees, may imply certain guarantees,

If guarantees, conditions, warranties or other rights for your benefit are implied in this Licence or otherwise conferred by law and it is not lawful to exclude, restrict or modify them, then those guarantees, conditions, warranties and other rights will (but only to the extent required by law) apply to this Licence.

You acknowledge that this clause, and any reliance on it by Reckon, is fair and reasonable.
- (d) *General exclusion and limitation:* Other than as set out in clauses 9(b) and 9(c), and as required by the Consumer Guarantees:
 - (i) Reckon (and its authorised distributors) will not be liable to you or any other person for any direct or indirect loss, damages, liability, costs or expenses suffered by you or any other person relating to the performance or non-performance of the Software or any breach of this Licence or the supply of the Software or in connection with, but not limited to, the Third Party Online Services, delays, non-performance, failure to perform, processing errors use of tax tables, use of third party hardware (for example but not limited to Postec services) or provision of technical support (whether by telephone or remote access or other means), nor will the liability of Reckon include or extend to any special or consequential loss or damage suffered by you, except where required by the Consumer Guarantees; and

- (ii) Reckon's maximum liability for damages arising in connection with this Licence or the supply of the Software is limited to the amount paid by you for the Software.
- (e) *Your liability to Reckon:* You agree that Reckon (and its authorised distributors) will not be liable, other than as required by the Consumer Guarantees or as expressly set out in this Licence, and that you will indemnify the Reckon (and its authorised distributors) from any liability, loss, damage, costs or expenses which you may suffer or incur, including any breach of the Privacy Laws, as a result of your use of the Software (including any claims made against you by third parties).

These compliance requirements may change from time to time. You agree it is your obligation to ensure the details, calculations, reports and any other data or documents produced using the Software, are correct and compliant when created or used by you. - (g) *Reckon has no responsibility for recommendations:* Except as required by the Consumer Guarantees, Reckon, its employees, agents, contractors and the authors disclaim any and all liability and responsibility to any person, whether a user of this Software or not, in respect of anything (including, without limitation, any error in or omission from this Software) and of the consequences of any actions taken or omitted to be taken in reliance, whether wholly or partially, upon all or any part of the

content, recommendations or help contained in this Software.

- (h) *Corruption of Data and on-line access*: Except as required by the Consumer Guarantees, Reckon and its authorised distributors disclaim all liability for any corruption of data, inability to access data, loss of data, breach of privacy, or downtime as a result of or arising from the use of any online link available between the Software and another server including without limitation in connection with Online Services.

 - (ii) in the full version of the Software, indefinitely, however:
 - (A) you may be required to periodically verify your licence details and have the Software reactivated as per clause 3 in order to keep using the Software; and
 - (B) if you need to reinstall the Software, you will need a copy of your original CD (or other media on which the Software was provided) and the installation key code. If you do not have the CD, you will need to purchase or upgrade to a new full version and pay for the postage associated with sending the CD to you. Clauses 4(d) and 4(g) outline when Reckon may charge you a fee for the provision of a replacement key code and, more importantly, when a replacement key code will not be provided by Reckon due to the operation of Reckon's sunset policy.

- (b) *Termination by Reckon for breach:* Reckon may terminate this Licence if you are in breach of its terms or as otherwise set out in this Licence.

- (c) *This Licence prevails:* If you have purchased this Software as an Upgrade to an earlier version of the Software, this Licence shall supersede any previous licence agreement.

Versions of the Software which may from time to time be offered in retail or other channels in different configurations as special promotions are not included as part of the subscription.
- (e) *No obligation on Reckon to upgrade:* Upgrades and/or Updates will be developed and released by Reckon in its sole discretion, and Reckon does not warrant or represent that it will develop or release any Upgrades and/or Updates during the term of the subscription

- (f) *When payment is due:* If applicable to the Software licensed to you, you will be required to pay the monthly subscription fee in advance on the first business day of each month. You authorise Reckon to direct debit your monthly subscription fee from the bank account nominated by you.

In such circumstances, you are only able to upgrade to a later non-subscription version of the Software by purchasing a full (non-upgrade) version of the Software.
- (i) *Early termination:* If you wish to terminate your subscription early, you must do so by giving Reckon no less than one calendar month notice to that effect. Depending on the type of software you have subscribed to and the type of subscription you are signed up for, you may be required to pay a cancellation fee.
